PALESTINE, TEXAS, JULY 30, 1904.

TWELVE PAGES TODAY.

THE ROUGH RIDER'S SURRENDER.

The DAILY HERALD greets its readers today with a twelve page paper, full of good reading matter, and money saving advertisements. One section of the paper is devoted to local and general news, one section to miscellany and fashions, and another section is given to the World's Fair and matters pertaining to the fair. It is hardly necessary to state that it takes considerable energy and trouble to produce such a paper in a town the size of Palestine, and especially at this season of the year, but the HERALD management are so determined to make the paper a necessity to this people that they do not mind the work.

Our circulation on the daily has reached so near the 1000 mark that we are determined to put it to that figure and above it by fall, and if delivering the goods will do it, we have no doubt of our ability to do it.

We have only one hundred and a few to add before we round out the 1000 mark.

If warm weather will do the boll weevil up he is catching it good and plenty for the past few days.

sent to good health, good morals, and good living. Let us learn to live in well ventilated homes, study in well ventilated school rooms, worship in well ventilated churches, and ride in well ventilated trains. Breath pure, and live pure.

No paper ever had more loyal friends than the HERALD has, and no paper ever appreciated its friends more than the HERALD does. Such loyalty on the part of our friends, makes us especially mindful of our great responsibility to the community, and inspires us in our efforts to give our people a good, clean and wholesome newspaper.

POLITICS will now take a recess until November. In the meantime we might, with profit, discuss the matter of bringing more toilers into Anderson county. There are business people in both this town and county who have valuable ideas along this line, who are solicited to give them voice and publicity through these columns.

AN Irishman was painting a fence and seemed to be in a big hurry to get it done. A friend, who was passing by, accosted him: "What's your hurry, Pat? Haven't you all day in which to finish your job?" Pat exclaimed his eagerness to get forward by saying: "Begorra, Oi'm trying to finish me job before the paint gives out."

A MAN who worked for a Christian Scientist did not appear for two days. When he finally came back his employer asked what the trouble was. "My brother has been sick," the man replied. "Your brother has not not been sick," the employer replied; "he only believed he was sick." A month later the man disappeared again for two days, and when he came back he explained to his employer this way: "That brother of mine thought he was dead yesterday and we buried him."

For twenty years the republican party of California has belonged to the Southern Pacific railroad. In the early part of that period it was sometimes possible for an independent republican to get an office in the remote parts of the State, but there is one region in which the party organization has been consistently run as a part of the railroad's operating department. That is the Third Congressional District, containing the great terminals and shops at Oakland and the vast grain warehouses at Port Coster. Any republican office-holder in this district is as much a Southern Pacific agent as a conductor on the road.

Mr. Victor H. Metcalf of Oakland has represented this Southern Pacific headquarters in congress for three terms. In the recent cabinet shift at Washington he was placed in charge of the department of commerce and labor, vice Mr. Cortelyou, promoted to the position of party father-in-chief.

The creation of the department of commerce and labor was our first serious attempt at the systematic national regulation of operations. The law establishing the department provided for a

and control of the secretary of commerce and labor, "diligent investigation into the organization, conduct and management of the business of any corporation, joint-stock company or corporate combination engaged in commerce among the several States and with foreign nations, excepting common carriers subject to the interstate commerce act, and to gather such information and data as will enable the president of the United States to make recommendations to congress for the regulation of such commerce."

To enable him to perform these duties the commissioner of corporations is to "have and exercise the same power and authority in respect to corporations, joint-stock companies and combinations subject to the provisions herein as is conferred on the interstate commerce commission in respect to common carriers, so far as applicable."

This is the work that President Roosevelt has entrusted to a representative of a notorious corporation whose very existence is as flagrant a defiance of law as the organization of the Northern Securities Company.

Is Mr. Metcalf qualified to execute in its spirit a law imposing such obligations? Is not his selection for such a responsibility as gross an impropriety as the transfer of Mr. Cortelyou from the work of investigating corporations to that of extracting their fat, or that of Mr. Knox from the task of prosecuting lawbreaking combinations to that of representing the Pennsylvania railroad in the senate? Is it not, like the appointment of Vice-President Morton of the Santa Fe to the cabinet six weeks after his initiation into the republican party, a proof that Mr. Roosevelt has definitely surrendered to the trusts?—New York World.

FALL OF PORT ARTHUR RUMORED

Telegram from Wei Hai Wei Stronghold Was Captured.

Shanghai, July 29.—A night telegram received here from Wei Hai Wei confirms other telegrams received from Chee Foo to the effect that Port Arthur has been captured.

Wei Hai Wei telegrams say also that the British fleet, which has been operating there, will return tomorrow.

On receiving an Associated Press bulletin announcing the fall of Port Arthur, the Chronicle at once wired the Hearst News Service for additional confirmation and particulars.

The following answer was received: New York, July 29.—Unable to confirm capture of Port Arthur.

Hearst News Service. The fall of Port Arthur, if it has occurred, may be regarded as a crisis of the war in the Far East.

Russia has for weeks been torn by a series of disasters, and the fall of Port Arthur, following so closely upon the assassination of the most powerful minister in the empire, must mean a far-reaching reverse, if not, indeed, the complete defeat of the Russian arms.

Our special correspondent at Shanghai has not yet confirmed the report.—Houston Chronicle.

A County Meeting.

Mr. J. N. Warner of Jacksonville was here yesterday working in the interest of the truck growers' excursion to California. He is busy outlining a course for the committee and looking after transportation. Mr. Warner is enthusiastic over the good that he feels sure will result to this section from the committee's study of the California growers' methods.

In this connection the Herald believes it is a good idea to call a meeting of Anderson county truck growers to discuss matters in general and to appoint a delegation to go to the Tyler meeting to hear the report of this committee. Anderson county wants to be in a position to get all the good possible out of this trip and its information. Let the proper authorities call such a meeting, and let's get fully in line with this advanced movement.

Association Meetings

The Young Men's Christian Association Sunday meetings will be held at the rear of the building.

Mr. R. M. Mackey, the new assistant secretary and physical director, will speak to the boys at 2:45 p. m., and the men's meeting at 4 p. m. will be an open congress on the topic, "How Much is the Christian Religion Really Touching the Lives of the Men Today?" The discussion will be led by the general secretary.

Musical Boll Weevil.

"The boll weevil is the most musical bug in the world," observed a man to a Herald reporter today. "Yes sir; just take him between your thumb and finger, and hold him up to your ear. He has got Susa's band skinned to death. Why out my way all a man has to do when he wants a bit of ragtime music is to get a boll weevil, sit down in a shady nook, and let her open up. The time of the music can be regulated by gentle pressure on the bug."

One On Us.

The Herald has thought it was some; about the speediest going, but we guess not. Some of our starch was taken out today; while the pressman was going over the press he found a half-grown blue bird inside the cylinder. Now some of our competitors will be saying we are so slow that the blue birds are building nests in our presses. But it's not so.

DeWitt's Early Risers.

The pill that will, will fill the bill, Without a gripe, To cleanse the liver, without a quiver, Take one at night. DeWitt's Little Early Risers are small, easy to take, easy and gentle in effect, yet they are so certain in results that no one who uses them is disappointed. For quick relief from biliousness, sick headache, torpid liver, jaundice, dizziness and all troubles arising from an inactive, sluggish liver, Early Risers are unequalled. Sold by H. R. Moore, druggist.

FIRST BALES ARE NOW COMING IN

Several Cotton Farms Are Heard From In Texas.

Bellville, July 29.—The first bale of the new crop was brought in Wednesday, twenty-four days ahead of last season. It was marketed by Anton Trojanowski. A second bale was brought in shortly afterward.

Rosebud, Texas: The first bale was marketed here by Bob Orum, colored, who was given a premium of \$32 and who got 10 cents per pound for the cotton.

Burlington, Texas: The first bale of cotton was ginned here Wednesday evening, and sold to Messrs. Gleason & Wunsch at 10.60 per pound.

New Utm Texas: The first bale of cotton was brought in by Gustav Kantz, bought by O. Kellner and sold to H. W. Garrow & Co. of Houston.

Physical Director.

Mr. R. M. Mackey, the new assistant and physical director of the R. R. Y. M. C. A., arrived in the city this morning and is being introduced about the city today. Mr. Mackey is a Texas man, though born in Illinois. He has lived in Texas twelve years and most of this time in San Antonio. In San Antonio he is known as one of the most active christian workers in the city, and many are the regrets at his leaving to take another field. For three years he was employed with the association there as office secretary and assistant, and for the past two years has been the manager of the Hicks building which is one of the largest office buildings in the state and employs quite a force of men. Mr. Mackey has been for three years the superintendent of the boys' gospel meeting in the Y. M. C. A., which was for some time the largest boy's meeting in the United States. He has been three years the superintendent of the Madison Square Sunday school and has made a great suc-

cess in his work. He is very popular with the boys and young men and is perfectly at home in all association work. He takes great interest in all kinds of gymnasium and athletic work. Mr. Mackey will begin his boys' gymnasium classes next Tuesday afternoon, but the regular gymnasium work will not start till the cooler weather sets in.

Weak Hearts

Are caused by indigestion. If you eat a little too much or if you are subject to attacks of indigestion, the stomach expands—swells and puffs up against the heart. This crowds the heart and shortens the breath. Rapid heart beats and heart disease is the final result. Kodol Dyspepsia cure digests what you eat, takes the strain off the heart, cures indigestion, dyspepsia, sour stomach, and contributes nourishment, strength and health to every organ of the body. Sold by H. R. Moore, druggist.

Piles Upon Top of Piles.

Piles upon top of piles of people have the piles, and DeWitt's Witch Hazel Salve cures them. There are many different kinds of piles, but if you get the genuine and original Witch Hazel Salve made by E. C. DeWitt & Co. of Chicago, a cure is certain. H. A. Tisdale of Summerton, S. C., says, "I had piles 20 years and DeWitt's Salve cured me after everything else failed." Sold by H. R. Moore, druggist.

THE DEMOCRATIC VICE PRESIDENTIAL NOMINEE.

Henry Gasaway Davis, vice presidential nominee of the Democratic party, was born in Baltimore nearly eighty-one years ago, and, beginning his life work as a brakeman, rose through all the grades until he became an owner of railroads. He was a member of the house of delegates of West Virginia in 1895, state senator from 1897 to 1899 and United States senator from 1871 to 1883. Mr. Davis' home is at Elkins, W. Va.
